CHILD INFORMATION FORM

Required as of 8/1/2018

Child's Last Name _____ First _____ Middle Name _____

Child's Date of Birth (MM/DD/YYYY) Child's Gender ☐ Male ☐ Female

Miami-Dade County Public Schools ID # ☐ No M-DCPS ID #

Child's current school _____

Is your child proficient in English? ☐ Yes ☐ No

Other language(s) spoken in your home ☐ Spanish ☐ Haitian Creole ☐ Other: _____ ☐ None

Street Address _____ City _____ Zip Code _____

Child's ethnicity ☐ Hispanic ☐ Haitian ☐ Other, please specify: _____

Child's race (select only one) ☐ American Indian or Alaskan ☐ Asian ☐ Black or African-American
☐ Pacific Islander ☐ White ☐ Other ☐ Multiracial

Child's current grade

Does child have health insurance? (ex., private insurance, KidCare, Medicaid) ☐ Yes ☐ No
(If not, we may be able to help you find affordable coverage – call 211 or visit
www.thechildrenstrust.org/parents/health-connect/insurance.)

Child's primary caregiver (full name) _____

Primary caregiver email address _____

Primary Phone Number Is this a cell/mobile phone? ☐ Yes ☐ No

(Please note that The Children's Trust may contact you via postal mail, email and/or text to ask about your satisfaction with these services, and to make you aware of other Trust-funded programs, initiatives and events you may be interested in.)

We want to get to know your child better so that we can provide the best possible experience in our programs. Please tell us more about your child...

What are the main ways in which your child communicates? (Mark all that apply)

- | | |
|--|---|
| ☐ Speaks and is easily understood | ☐ Uses gestures or expressions like pointing, pulling, smiling, frowning or blinking |
| ☐ Speaks but is difficult to understand | ☐ Uses sign language |
| ☐ Uses communication devices like pictures or a board | ☐ Uses sounds that are not words like laughing, crying or grunting |

What, if any, help does your child receive at this time? (Mark all that apply)

- | | |
|--|---|
| ☐ Behavioral therapy or services | ☐ Physical therapy (PT) |
| ☐ Counseling for emotional concerns | ☐ Special education services in school |
| ☐ Daily medication (not including vitamins) | ☐ Speech/language therapy |
| ☐ Occupational therapy (OT) | ☐ None of the above |

What conditions does your child have that are expected to last for a year or more? (Mark all that apply)

- | | |
|---|---|
| ☐ Autism spectrum disorder | ☐ Physical disability or impairment |
| ☐ Developmental delay (only if under age 5) | ☐ Problems with aggression or temper |
| ☐ Intellectual/developmental disability (over age 5) | ☐ Problems with attention and hyperactivity (ADHD) |
| ☐ Hearing impairment or deaf | ☐ Problems with depression or anxiety |
| ☐ Learning disability (school age) | ☐ Speech or language condition |
| ☐ Medical condition or illness | ☐ Visual impairment or blind |
| | ☐ None of the above |

If you marked "None of the above" on the previous question, please skip the next two questions and sign below. If you marked any other answer on the question above, please answer the remaining questions and sign below.

Do any of the conditions marked above make it harder for your child to do things that other children of the same age can do? ☐ Yes ☐ No

To support your child's successful participation in this program, in what areas might s/he need extra assistance? ☐ No specific help needed

- ☐ Holding a crayon/pencil, writing, using scissors or other fine motor tasks
- ☐ Sports or physical activities like running or other gross motor tasks
- ☐ Managing feelings and behavior
- ☐ Academic, learning or reading activities
- ☐ Adapting activities to take into account a visual or hearing impairment
- ☐ Using assistive device(s) like a wheelchair, crutches, brace or walker
- ☐ Personal services like help with feeding, toileting or changing clothes
- ☐ Other _____

Please tell us anything else you think it is important for us to know about your child:

If you are interested in other services funded by The Children's Trust, please call 211 or visit www.thechildrenstrust.org. For special needs resources for your child, visit www.advocacynetwork.org or www.thechildrenstrust.org/cwd

I give my permission for this information to be submitted to The Children's Trust for program quality and evaluation purposes. The Children's Trust provides funding for the program.

A change in daily routine, lack of sleep, stress, fatigue, cell phone use, and simple distractions are some things parents experience and can be contributing factors as to why children have been left unknowingly in vehicles...

Developed by:

The Office of Child Care Regulation

CF/PI 175-12, May 2018

When life happens...Don't be a
**DISTRACTED
ADULT**

FACTS ABOUT HEATSTROKE:

It only takes a car **10 minutes to heat up 20** degrees and become deadly.

Even with a **window cracked**, the temperature inside a vehicle can cause heatstroke.

The body temperature of a child increases **3 to 5 times faster** than an adult's body.

PREVENTION TIPS:

- Never leave your child alone in a car and call 911 if you see any child locked in a car!
- Make a habit of checking the front and back seat of the car before you walk away.
- Be especially mindful during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos.
- Create reminders by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe.
- Keep a stuffed animal in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat.
- Set a calendar reminder on your electronic device to make sure you dropped your child off at child care.
- Make it a routine to always notify your child's child care provider in advance if your child is going to be late or absent; ask them to contact you if your child hasn't arrived as scheduled.

During the 2018 legislative session,

a new law was passed that requires child care facilities, family day care homes and large family child care homes to provide parents, during the months of April and September each year, with information regarding the potential for distracted adults to fail to drop off a child at the facility/home and instead leave them in the adult's vehicle upon arrival at the adult's destination.

My signature below verifies receipt of the Distracted Adult brochure

Parent/Guardian:

Child's Name:

Please complete and return this portion of the brochure to your child care provider, to maintain the receipt in their records.

What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Center for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

For additional information, please visit www.myflorida.com/childcare or contact your local licensing office below:

CF/PI 175-70, June 2009

This brochure was created by the Department of Children and Families in consultation with the Department of Health.

INFLUENZA VIRUS

**"The Flu"
A Guide
for Parents**

During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

My signature below verifies receipt of the brochure on *Influenza Virus, The Flu, A Guide to Parents*:

Name: _____

Child's Name: _____

Date Received: _____

Signature: _____

Please complete and return this portion of the brochure to your child care provider, in order for them to maintain it in their records.

What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

For additional helpful information about the dangers of the flu and how to protect your child, visit: <http://www.cdc.gov/flu/> or <http://www.immunizeflorida.org/>
